WILL YOU HELP THE DEMOCRATIC PARTY TO WIN THIS CAMPAIGN?

If so the most helpful thing you can do now is to contribute to the Democratic Educational Campaign Fund so that the Educational work of the Democratic National Committee can be carried out as planned.

For the purpose of getting the record of failure of this Republican Do-Nothing Congress and Do-Nothing Administration before the people, and to show them again the road to **The Democratic National Committee Needs Money and**

**Needs It NOW
But Give It Now**

The Democratic Party has no privileged classes, no protected profiteers, no trusts or moneybunds to appeal to. It represents only the people, therefore it appeals only to them. **This is a Democratic year.** Do your share to help win the victory.

Democratic Prosperity vs. Republican Disaster

The estimated wealth of the United States when President Wilson went into office in 1913 was \$185,000,000,000; it increased to \$300,000,000,000 in eight years of Democratic rule—a gain of \$115,000,000,000. The present wealth of the United States is \$225,000,000,000—a loss of \$75,000,000,000 in fifteen months under Republican rule.

Since the Republican party was voted into power in November, 1920, the American farmers alone have suffered a loss of nearly \$30,000,000,000.

Some Republican Broken Promises

The Republicans promised the country PROSPERITY; they have given it ADVERSITY.

They promised to stimulate agriculture and business; they have given an industrial panic and destroyed our foreign markets. Foreign trade declined from \$13,500,000,000 in 1920, to near \$6,000,000,000 in 1922.

They promised to reduce taxes; they have shifted taxes of the multi-millionaire and profiteering class to the smaller taxpayers without lifting taxes or reducing them. Repeal of the Excess Profits tax relieved the Big Interests of paying \$450,000,000 in taxes; reduction of the higher surtax relieved them of paying \$61,500,000.

They promised to reduce the high cost of living; they have given a Profiteers' tariff bill which increases the high cost of living, and makes the farmer pay \$5 on everything he buys for each \$1 of "protection" he gets.

They promised to reduce the expenses of the government; they have increased the expenses of running the various departments of the government (1923 budget), three years after the war \$536,000,000 compared to 1915, three years before the war, with an estimated deficit of \$500,000,000 in addition—or \$1,000,000,000 increase.

MONKEY MESSES UP HOTEL

Ring-Tailed Animal From Central America Causes Considerable Commotion During Freedom.

New York.—A little black ring-tailed monkey from Central America escaped from an animal store. He was finally captured in a room of the Hotel Chelsea by Patrolman Ernest Freeburg, but not before he had, during his two days of freedom, caused considerable commotion in the Chelsea district.

The monkey seemed to be partial to the Hotel Chelsea. He was first seen on a fire escape of the sixth floor. Several times he was cornered in rooms there, but always escaped. He got into the room of Arthur Wolfe, resident manager of the house, and ate a couple of thrushes which were being sung.

Soon after this the monkey went into the room of a gentleman who had been drinking home brew, and the gentleman called the hotel clerk to witness that he had sworn off from that moment, it being his belief that the little monk was equipped with green wings and yellow hands. Shmona and the police tried to poison the monkey after that, sprinkling a deadly liquid on a bunch of bananas, but the monkey ate the good fruit and let the poisoned bananas alone. He was finally cornered in a room on the third floor of the Hotel Chelsea, and while two boys closed the windows on the fire escape the policeman went in and captured him. Then he was locked up.

SUE FOR AMERICAN'S DEATH

\$100,000 Reparation Asked of Turks for Death of George Knapp—Murdered by Soldiers.

Los Angeles, Cal.—A claim of \$100,000 as reparation for the death of George P. Knapp, an American, seven years ago in Armenia, is being prepared for filing against the Turkish government by officials of the State department at Washington, according to a statement made here by Knapp's brother, J. Herbert Knapp, a civil engineer.

When Knapp died, typhus was given as the cause, but his brother believed the cause was more sinister and left his home here to go to Turkey and Armenia, where he passed years in an investigation. He secured an affidavit from an Armenian banker, which declares his brother was taken by Turkish soldiers, who trampled into the dust the American flag over his door, tied him to a tree in a desolate place and shot him three times simply because they believed he knew too much about their repressions.

BIG-SIX
TOURING

\$1650

THE dependability of the Studebaker Big-Six is due to correct design, the use of the best materials money can buy and the highest standard of workmanship.

Studebaker stands in absolute control of the quality of the materials at all times, because Studebaker makes in its own plants such vital parts as motors, transmissions, axles, frames, bodies, tops, castings, forgings, stampings, etc. The parts-makers' profits on such items are, therefore, eliminated and only one manufacturing profit is included in Studebaker prices.

The Big-Six is distinctive in appearance with its handsome body and many refinements. It offers genuine comfort through its long semi-elliptic springs,

restful 9-inch seat cushions, fine upholstery and shock absorbers. It is economical to buy and own, and enjoys a high resale value.

The new price of \$1650 for the Big-Six Touring car is the lowest at which it has ever sold. Yet the quality is actually better than ever and this means a value that is duplicated nowhere else in the field of fine cars. You won't find greater satisfaction at any price.

The Big-Six Touring car provides ample room for seven. When not in use the auxiliary seats fold neatly out of sight—always ready for instant use when you need them.

The name Studebaker is our greatest asset and your best protection.
